

DAN  FORM

*Modern &
Contemporary
Design*

WELCOME TO DAN-FORM

Dan-Form is among the world's leading manufacturers of bentwood chairs and also produce a large range of various other chairs and tables in a modern and contemporary design. The key concept of Dan-Form is to offer a wide range of beautiful contemporary furniture with a high design value, top quality craftsmanship and all at very competitive and affordable prices.

The products in Dan-Forms range are all designed by Danish designers, using both in-house and out-house designers. Dan-Form is known to be among the most innovative factories in Denmark, constantly working on new designs and new concepts.

The furniture in Dan-Forms program is suitable for both residential and contract use and is put through a rigid quality control system during production and the bentwood chairs have every single chair seat tested for strength before proceeding to the final treatment. Many of Dan-Forms chairs are ISO 7173 tested and approved. Due to the high quality produced by Dan-Form, we are happy to offer a 3 year guarantee on all products, both for residential and contract use. The first chair was produced back in 1992, when Dan-Forms founder Jørgen Mensen established Dan-Form.

Today about 85% of the total volume is exported to more than 48 different countries worldwide.

D A N  F O R M

A close-up photograph of a chair's backrest and seat. The backrest is upholstered in a dark, textured fabric, possibly black or dark brown. The seat is upholstered in a lighter, textured fabric, possibly a brown or tan color. The chair's frame is made of dark wood, with a curved backrest and a visible leg. The background is a plain, light color.

CHAIRS AND TABLES

DESIGN, FUNCTION AND QUALITY

Experience our wide collection of beautifully designed chairs with choices of many finishes in different veneers, lacquered colours, leather and stainless steel.

Together with our many different designs of chair legs to choose from, we have a unique collection of designer chairs in a huge variety, where the client can personalize their own chairs. This together with matching tables with many different surfaces, sizes and functions to choose from, makes it a unique and complete program.

K/D 1 pcs 2 boxes

A row of four modern chairs with curved, organic shapes and chrome legs. From left to right, the chairs are white, green, black, and orange. The background is black, and the chairs are arranged in a slightly overlapping line. A dark blue horizontal bar is positioned across the middle of the image, containing the text 'FACTS · INFO · ENVIRONMENT' in white, bold, sans-serif font.

FACTS · INFO · ENVIRONMENT

FACTS/INFO

ENVIRONMENT

Dan-Form promotes and enforces environmentally friendly procedures at all stages of the production process, from suppliers and raw materials to the sale and distribution of the finished products.

Among Dan-Forms many policies include using wood from regrown forests, using recycled packaging materials, using only E1 approved glue and paints and much more.

Dan-Form is constantly testing new production methods that can make the company even greener. At the moment we are currently researching water based lacquers, minimum chromium use and new waste systems. It is Dan-Forms policy not to use child labour at any of its production stages, and demand the same policy from all suppliers of raw materials to Dan-Forms production.

THANK YOU FOR LOOKING THROUGH THE COLOURFULL WORLD OF DAN-FORM
